

PRODUCT DESCRIPTION

With the combination of smooth curves and straight lines, the all-new Exclaim by Edifier is a fully active bi-amped 2.0 speaker system, with each speaker unit being driven by its own internal amplifier. Full integral Digital Signal Processing (DSP) delivers active crossover frequencies, superb tonal balance (regardless of volume setting) and Dynamic Range Compensation (DRC) to keep any possible distortion at an absolute minimum. A total of 36 watts RMS of power is on hand to drive 6 internal active speakers. In addition, 2 passive radiators are utilized in the midrange/tweeter housing, to raise efficiency and dynamic range, plus 2 supplementary passive radiators to augment deep bass and performance from the woofers. Connecting to any audio device is easy using the 3.5mm auxiliary cable for a versatile and simple to use speaker system with built in volume and

FEATURES

- High performance integrated 2.0 speaker system with unique design incorporating straight lines and smooth curves
- Each speaker houses a total of three active speaker drivers and two passive radiators maximizing audio performance
- Bluetooth pairing capability with Bluetooth enabled source devices
- Each upper section of the speaker contains two 1½ inch midrange/tweeters, and a 1½ inch x 3 inch passive radiator
- Each base section of the speaker contains a 3 inch woofer and a 3 inch passive bass radiator for maximum deep bass effect
- 3.5mm auxiliary input option for audio connectivity
- Conveniently located volume adjustment and power/standby control buttons
- Incorporation of Digital Sound Processing technology (DSP) enhances audio performance
- 100-240V universal power supply

SPECIFICATIONS

Total power output:	RMS 8W x 2 + 10W x 2 (DRC on)
THD + N (testing level):	10%
Signal to noise ratio:	≥85dBA
Frequency response:	60Hz-20KHz (±6dB)
Distortion:	≤0.5%
Input sensitivity:	R/L 700±50mV SW: 350±50mV
Audio input:	Bluetooth, Auxiliary 3.5mm
Adjustment:	Volume, power buttons located the active speaker
Power supply:	Switching power supply 20W / 12V
Speaker unit:	Midrange/Tweeter unit: 1½ inch (40mm) Midrange/Treble Housing Passive Radiator: 1½ inch x 3 inch Bass: 3 inch (82mm) Bass passive radiator: 3 inch high excursion design
Dimension:	105mm x 310mm x 180mm (W x H x D)
Weight:	2.3Kg (net) 2.9Kg (gross)
