

Argus R-004 – Card Reader for iPhone/iPad/iPod, Android or PC

The R-004 enables you to read SD/microSD/TF cards in a compact device. It can be connected to your PC by USB Type A, to your Android device by Micro-USB connector (which is pulled out of the USB Type A) or to your iPhone/iPad/iPod by Lightning connector.

The downloadable iOS App enables you to share pictures, music, photos and videos between Smartphone/Tablet and SD/microSD/TF card. Also you can share and open/use data like text processing or charts, if your Smartphone/Tablet is able to open it or you have the needed App.
