

Computer Case Power On CS-400

Overview:

Thanks to its clear design this slim and modern Midi-Tower is the perfect choice for offices and schools. The power button fits perfectly into the design and bestow it with something special. Besides the optical amenity the CS-400 convinces, the controls and front connectors are all conveniently situated in the middle of the front panel. HD-Audio/AC-97 and USB 2.0 and USB 3.0 front connectors round off the positive image.
