

# Avira Antivirus Suite

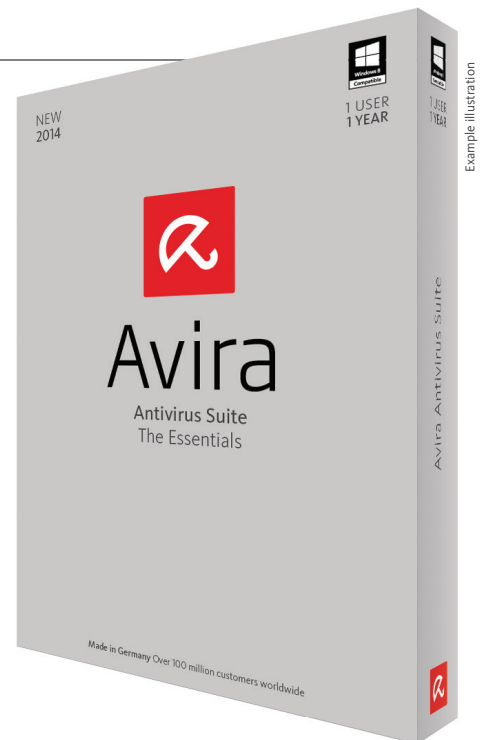

## The Essentials

The quick and easy way to protect yourself from online threats - without all the hassle. From malware and email scams, to spies and identity thieves, Avira's Antivirus Suite gives you the protection you need to live the life

you want. Pick the user-friendly antivirus platform that offers easy installers, automated scans, intuitive interfaces, one-click repair and a gaming mode that suspends notifications whenever you are busy. Moreover, you can now protect your precious memories and sensitive documents with 5GB of safe, secure online backup, and leave the worrying to us.

Clean, simple, attractive | All information at one glance, with this clearly structured interface.
