

Car Charger Remax 3,6A USB x 3 White

Overview:

Fits any car power outlet, port and cigarette lighter jack. Tri-ports design allows for 3 products to charge simultaneously. This Tri 3 ports-USB car charger adapter features a massive 3.6A total output (Port1: 5V-1.2A, Port2: 5V-1.2A, Port3: 5V-1.2A) which is enough power to charge the iPad, iPhone, Android smartphone or most other USB powered devices quickly and safely. This car charger adapter incorporates the latest Auto Detect Technology, it can automatically detect the device type and its specific charging needs to deliver the match up current supply & speed up charging. Intelligent circuit design protects against over-heating, over-currents, over-voltage, over-charging, short circuit and charging stops when battery is full, ensuring your devices receive the full reliable power.

Key features:
