

## LP143- 80701

Metal Desktop Stand For Headset

### Features:

#### Sturdy and Stable:

The desktop stand is made of a solid sturdy base and aluminum triangle structure, preventing your headset from falling off or tipping over.

#### Space Saving:

With a stylish design, the stand can help you manage the audio cable and save your desk space.

#### Anti-Slipping Design:

Silicone mat at the bottom ensures you a stable grip on the glossy surface without scratching and slippery. Great for home, office, studio.

### Specification:
