UA-25 v2.0 is designed to work with the mobile phone with Bluetooth Headsfree profiles, the compatibility of some featus are not guaranteed for some mobile phone with different operating system.

In order to have a better and clear reception, there should have no obstade to the headset while talking.

Troubleshooting

I cannot adjust volume in my headset

- Please adjust the volume by your phone

I cannot pair with my mobile phone

- Ensure your headset is power on and fully charged
- Ensure the Bluetooth setting is activated on your phone
- Ensure the headset is at pairing mode (blue light on)
- Ensure the headset is not out of range of your phone
- Ensure your phone is visible to all nearby Bluetooth devices
- Please wait a seconds for the searching the Bluetooth devices

If the above steps do not solved the problem, please turn off the headset and recharge the headset, and then try again.

I cannot hear the sound in my headset

- Ensure your headset is power on and fully charged
- Ensure your headset is paired and connected with your phone
- Ensure the conversation is not transferred to your phone
- Ensure the volume level is high enough

I cannot turn off the headset

Please press and hold the MFB for a longer time, otherwise, please recharge the headset for 2-3s then disconnect the charger, the headset turns off now.

Troubleshooting

I cannot turn on the headset

Ensure your headset is power on and fully charged, otherwise, please charge the headset for 1-1.5 hours, and then turn on again

My phone cannot be auto-reconnect with the headset

- Manually connect the headset from your phone
- Turn off the phone and then turn on again
- Turn off the headset and then turn on again

If the above steps do not solve the problem, turn off the headset and reset it, then pair the headset again

There is a "Beep" sound from the earpiece during the call, what happen?

Low battery alert, please charge your headset

I hear some noise during the call, why?

There is an obstruction between the headset and your mobile, please remove it, or please put your phone on the table, don't hold it on hand

Safety Precautions

1. Unintentional depression of the retractable button could result in an injury from the force of the earpiece cord retraction.
2. Be careful when retracting the length of the earphone. Keep a safe distance between your face and the headset.
3. If you must use the headset while driving, ensure your attention is fully focused on driving safety. Be a responsible driver and abide by the local laws.
4. Place in a children's unreachable area, never allows them to play with the headset, small parts pose as a choking hazard.
5. Obey all designated areas such as hospitals, electronically restrictive and hazardous environment that require an electrical device be switched off.
6. Turn off your headset prior to boarding on an aircraft. Do not use it while being asked by the flight attendant.
7. Never mount or store your headset over any air bag deployment area as serious injury could result upon deployment.
8. Do not attempt to disassemble the headset as it does not contain serviceable components.
9. Headset builds with battery inside and should dispose of it according to local regulations, not as a household waste.

Maintenance

1. Do not yank or forcibly pull the earphone cord.
2. Consider turning your headset off before placing it into your pocket or bag. If the MFB is accidentally pushed, your phone may place an unintended call.
3. Do not expose the headset to liquid or humidity, as it is not waterproof.
4. Do not use abrasive cleaning solvents to clean the headset.
5. Do not expose the headset to extremely high or low temperature environment.
6. Do not expose the headset to contact with sharp objects as this will cause scratches and damage.
7. Do not stick anything inside the headset as this may damage internal components.
8. Do not attempt to replace the headset's battery. It is built-in and is not removable.

Declaration of Conformity

We, iXchange, declare that the following product:

Model No.: UA-25 v2.0

is in conformity with the following essential requirements of Council Directive 1999/5/EC (referred to as R&TTE Directive): Article 3.1a, 3.1b and 3.2 and the product is manufactured in accordance with Article 11 of the directive.

FCC Compliance Statement

The device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

15.21

You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operated the equipment.

FCC Compliance Statement

15.105 (b)

This equipment has been tested and found to comply with the limits for Class B digital devices, pursuant to Part 15 of the FCC rules, These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna
2. Increase the separation between the equipment and receiver
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
4. Consult the dealer or an experienced radio / TV technician for help
