UGREEN Car Safety Hammer

## Features

### 2-in-1 Glass Breaker & Seatbelt Cutter

Built with a high-strength steel tip for easily breaking car windows and a razor-sharp concealed blade for cutting through jammed seatbelts. This dual-function tool is essential for escaping quickly in critical emergencies such as collisions or vehicle submersion.

### Handy Base for Quick Access & Storage

The safety hammer includes a compact, easy-to-install mounting base that can be fixed to your car's interior—such as near the driver's seat or center console—ensuring it remains firmly in place yet immediately accessible when needed.

### Rapid Breaking Even Underwater

Specifically engineered to work under pressure, the hammer delivers concentrated force to break tempered glass effectively, even when the car is submerged. This feature increases your chance of escape in life-threatening, water-related accidents.
