UGREEN Magnetic Cable Organizer 3-Pack

Features

Universal Cable Compatibility

Designed to hold most common cables—including charging cords, USB data lines, headphone wires, and more—this organizer supports cables with diameters up to 5mm, making it ideal for both home and office use.

Strong 3M Adhesive Backing

Features original 3M adhesive for superior stickiness and stability, allowing the base to firmly attach to smooth surfaces like desks, nightstands, or walls without falling off—even with frequent cable movement.

Premium Silicone Construction

Crafted from high-quality silica gel material that is not only soft and flexible but also pressure-resistant and long-lasting. It effectively withstands daily wear and maintains its shape without cracking or deformation.
