UGREEN Magnetic Phone Tripod Stand

Features:

Strong Magnetic Stability

Features powerful MagSafe-compatible magnetic attachment that securely holds smartphones in place, ensuring stable and reliable performance during filming, video calls, and everyday use.

3-in-1 Versatile Design

Combines grip, stand, and tripod functionality in one compact device, providing flexible usage options for photography, streaming, and hands-free viewing in any environment.

Foldable Travel Friendly

Designed with a foldable structure for easy storage and portability, making it ideal for travel, commuting, and outdoor shooting without adding extra bulk.

Multi-Angle Adjustment

Supports flexible angle adjustment for optimal viewing positions, allowing users to achieve perfect framing for selfies, video calls, content creation, and live streaming.

Premium Aluminum Build

Constructed with durable aluminum alloy in a sleek Nebula Gray finish, combining strength, lightweight portability, and a modern aesthetic design for long-lasting use.
